

**September 24, 2018**

## **Environmentally Sustainable Health Care: Patient-, Public-, and Planet-Centered Care**

Learning Objectives:

1. Outline a framework for environmentally sustainable health care
2. Articulate the relationships between human health, environmental health, and health economics
3. Identify the sources of greenhouse gas emissions from health care activities and suggest strategies for improved environmental performance

**Dr. Andrea MacNeill, MD, MSc, FRCSC**

Surgical Oncologist, Vancouver General Hospital & BC Cancer Agency  
Clinical Assistant Professor, University of British Columbia

Rounds are held weekly on Mondays from 12:00 pm to 1:00 pm in the VGH Research Pavilion, Room 700, 7<sup>th</sup> Floor, 828 West 10th Avenue, Vancouver, BC.

Visit [www.C2E2.ca](http://www.C2E2.ca) for information about previous and upcoming rounds. If you are interested in presenting please email [pamela.lee@ubc.ca](mailto:pamela.lee@ubc.ca).
